COMPANY PROFILE

| | |
|------------------------------------|---|
| Name of the Company: | M/S. BLOWTECH ENGINEERS PVT. LTD. Manufacturers & Exporters of Fans, Blowers and Air Pollution Control Equipment's |
| Company Location & Postal Address: | Unit No. 12,13 & 14, Classic Industries Estate, Poman Village, Kaman-Bhiwandi Road, Near Jain Temple, Tal: Vasai, Dist – Palghar-401208 |
| Company established year: | Year- 1998 |
| Contact Number: | 09076109010 / 09076109020 |
| E-mail: | marketing@blowtechengineers.in , sales@blowtechengineers.in |
| Contact Person: | Mr. AJAY DUBEY Managing Director : +91 9821295016 |
| website: | www.blowtechengineers.com ; www.blowtechengineers.co.in |
| Factory Area: | Own Factory Land - 10000 sq ft. Plant Built Up Area - 7500 sq ft. |
| Products & Range: | » Centrifugal Blowers, Industrial Exhaust/Ventilation Fans, Turbo Powerless Roof Fans, kitchen Fume exhausts systems, Dust Collectors, I.D, F.D Fans, Air Curtain, Cyclone Separator, PP/PVC/FRP Acid Storage Tanks, S.S Tanks, Vessels and Coils, G.I. Ducting and fabrication works. |
| Application: | » Power Plant » Room Pressurization system » Air Circulator » Man Cooler » Ventilator »Dust Collection, »Cyclone dust collection system, »Forced Draft for Boiler, »Heat & Fume extraction system, »Fresh Air Ventilation system »Chemical Process plants, »Gas and oil firing, »Textile mills, »Heat treatment plants, »Foundry, Cement plants, »Leather and paint industries, »Glass blowing and Pharmaceuticals, |
| Product Efficiency: | 98% All products are tested with the help of Anemometer, Manometer, Vibration Meter, Sound meter. |

M/s. Blowtech Engineers Pvt. Ltd.

Test Laboratory:

Machinery:

- » Dynamic balancing Machine
- » Static Balancing Equipments
- » Electronic & Normal Weighing Machine
- » Hand Grinder Machines
- » Radial Drill Machine
- » Pedestal Drill Machine
- » Power Drill Machines
- » Lathe Machines, Welding Machines
- » Gas Cutter, Slotting Machine
- » Bunch Grinder
- » Air Compressor
- » Fixture, for Hub Fabrication
- » Power Hex-saw
- » Power Roller Machine
- and All Necessary Tools & Equipments.

Raw Materials for Machine: M.S./G.I./S.S./PP/PPGL/FRP/HDPE/PVC/Aluminum / As per Client requirement

Raw Materials for Hub: Mild Steel/ Galvanized /SS/ As per Client requirement

Raw Materials for Hardware: M.S. & G.I. coated Bolts & Nuts/SS-304 / SS-316/ As per Client requirement

Company Workers & Staff: 21Workers + 07 Staff

Some Major Sectors:

- » Central Govt./Public sector/Ltd. Firms
- » Power Generation
- » Oil, Gas & Petrochemical
- » Steel Plants
- » Cement Plants
- » Textile Mills
- » Hotel & Airport
- » Fertilizer & Chemical Plants, Electrical

Major Domestic End Users More 850 clients from all over India + Abroad

Turn Over 5.2 Crore

Major International End Users Regular Clients from International market from Gulf and Middle East.

QUALITY ASSURANCE:

All our products are manufactured as per IS- standard having good quality finish and design based on M/S. Flakt India data base, Washington software technology & ACME ENGG. INC. (Okhala).

With above details, looking forward to your best co-operation on long terms basis for our mutual benefits.

Thanking you,

With Best Regards,

For BLOWTECH ENGINEERS Pvt. Ltd.
